

Olivetti Fax-Lab 101 & S101

INK-JET FAX

Olivetti Fax-Lab 101, the ink-jet fax machine studied to meet the needs of small offices and home users, combines **minimum footprint**, thanks to its **compact design**, with state-of-the-art technology that promotes **class-beating performance** and **ease of use**.

Ink-jet plain paper technology guarantees **unfailing confidentiality** as no trace of the documents remains once these have been received or copied. Fax-Lab 101 also features a **large-capacity memory** and a generously sized paper cassette.

With its forefront design, Fax-Lab 101 is not only an original but also an innovative product. Using the **integrated telephone function**, you can **send and receive short text messages (SMS)** and **read the number** of the **caller** on the display, as in the case of latest generation telephones.

The **silver** version Olivetti Fax-Lab S101 stands out for the refined colour of its housing.

Both models are available for East Europe, Middle East and Africa markets.

- Innovative design and small footprint: 340 (W) x 235 (D) x 273 (H) mm.
- Display messages in East European languages.
- Up to 19-page incoming message memory.
- 40-sheet paper cassette.
- 5-sheet automatic feed.
- Transmission, reception and printing of short text messages (SMS) where the service is provided by local Operators.
- Available also in a silver version (Fax-Lab S101).

2-line, 16 character LCD.

Fax-Lab S101,
the elegant silver
version.
