OFX9000

FAX LASER

The **Olivetti OFX 9000** is the fax machine for small offices and professionals. Equipped with a **powerful 33,600 bps modem** offering a scanning resolution of 200x400 dpi, it delivers a **page transmission speed of just 3 seconds**.

Built on a laser engine, the **OFX 9000** can also be used as a **desktop copier**, working at a speed of 10 pages per minute. Features include a zoom for reductions and enlargements of originals from 25 to 400% and a continuous copy function for production of up to 99 copies of a document on just one scan.

Where telephone operators offer the service, the OFX 9000 **sends SMS texts** to up to 10 numbers. It will also print incoming texts automatically or store them for printing at a later time.
