d-**COLOR**MF45

MULTIFUNCTIONAL COLOUR DIGITAL SYSTEM

The d-Color MF45 professional multi-function colour device combines superior speed and quality, on both colour and B/W jobs, with advanced communication functions.

By providing multiple capabilities in a single machine together with superior productivity, the **d-Color MF45** takes the place of high-speed B/W copiers and desktop laser printers, with the added benefits of colour and cost-effectiveness.

Designed for the communication needs of small and medium businesses, the **d-Color MF45** facilitates access and transmission of all types of information, acting as a multi-user server.
